Executive Summary

Shamsi Group® is striving to make advancement in the field of supply chain.

In the new era of complex business, the shortage of time and the risks got increase. Competitors as always exist; become more active due to shrunk in the profit and expansion in technicalities of the business day by day. In the very current scenario the manufacturers, Importers, Exporters, Whole sellers and Traders needs to cover all aspects of supply chain cycle in order to gain maximum benefit from the market.

In order to assist the business community, **Shamsi Group®** offer one window solution in the field of supply chain for very first time in Pakistan.

“We, with great expectation, vast experience of about 35 Years, work hard every day with the force of our arms and minds so that at the day’s end we prove ourselves better than yesterday.”

Mission statement

Shamsi Group® is committed to excellence and developed a name for providing complete solution within the fields of Customs Clearance, International Freight Forwarding, Shipping and Ground Transportation. The foundation for our success is our dedication toward the work and to finding new and innovative solutions for many and diverse requirements of our client.

- Remain responsive to the needs and expectations of our clients, and take personal pride in fulfilling our mandate.
- Continuously seek to develop new solutions for our clients' international trade requirements.
- Embrace new technologies, keeping abreast of emerging market issues, trends and practices.
- Provide ongoing education and training to our personnel to ensure that they are properly prepared to anticipate change and respond to a constantly evolving environment.

Above all, we recognize that providing the highest quality of service is the key to our clients', and ultimately to our own, success.

Technology

In order to keep a business updated, one should have to adopt modern techniques and new technologies. It is often complained by supply chain professionals that in logistics companies, the old techniques of late 90s have been followed.

The foundation of our success is renovating ourselves with state of the art and advanced technologies. With the help of Logistics professionals, we are capable to provide extreme level of consultancy and services to our clients.

Communication

Good communication is the basics of a successful business relationship. Our Client Response Center (CRC) helps our client to get minutes of their cargo on a phone call.

An aware client is the Dare client.

History

We, at the time of our foundation in 1982, were young companions in the field of Supply Chain. But now after a revolutionary journey of 35 years, **Shamsi Group®** becomes a brand in its field.

Our age makes us a heritage.

Innovative & Reliable

Innovative to embrace new technologies, addressing market problems, adopting new trends and practice for seamless operation within estimated time, makes us reliable.

Be innovative be reliable.

Profile

Welcome to our Company

We, **Shamsi Group®** are the renowned service providers dealing all aspects of supply chain since 1982. We offer one window operation for all supply chain needs. Our services include custom clearance, air and ocean freight forwarding, break bulk shipping, international trade and logistics consultancy.

We are in the business since 1982 with the Custom House Agent License # 812, our 35 Year of Experience rest assured of timely dispatching of Consignments. As the pioneer of Pakistan Customs, we serve the business community with best of our knowledge and day to day increasing experience. Our services are rendered by adroit and experienced professionals, in a hassle-free manner.

Our air and ocean freight forwarding department is ready to serve you with state of the art techniques. We have our ties with international suppliers, transport companies and overseas agents. We have developed an outstanding agency network throughout Europe, Great Britain, the Far East, South Asia, South and Central America and China.

Our Shipping facility is also a part of our one window solution for our domestic and international clients. Our scope of services include shipping agency, chartering, container handling, NVOCC operations, Cargo Booking / handling of break bulk and project cargo.

Shamsi Expert® is specializing in the ever-changing regulations affecting your cargo, such as foreign documentation requirements, hazardous materials regulations, government regulations and advance notification rules. We provide consultancy from decision making to order placing, from shipment booking to freight forwarding, from Import to Customs Clearance and from Port of delivery to door step. Our step by step consultancy ensures reliability and security to our clients.

“Our team ensures that no stone left unturned with flawless operations to achieve the desired result.”

Profile

We are gravely concerned about the optimality of operations and ensure that the business is done with all legal formalities. We keep a track of the cargo during motion and keep the customers updated for their convenience. Thus, we try our best to offer our customers every facility that will improve their efficiency and profitability and reduce the amount of time and money they spend on supply chain cycle. Our team deal with all logistics and clearance associated activities for our customers, thereby saving them from the hassle of going through the whole process themselves.

We have also established great relation with our business partners and associates, which help us in making a nationwide presence and ensures wide distribution network. Our primary operations include Karachi airport import services, Karachi airport export services, unaccompanied baggage service, seaport-import services, seaport export services, land custom services, International freight forwarding and Transportation.

“Ethical business practices and offering world-class solutions at affordable prices have helped us garner huge clientele.”

Now as you know us, try us!
